

Subrox D178 / Subrox D178 C - Courbes de performance

Plage de fonctionnement – mode chauffage

Légende

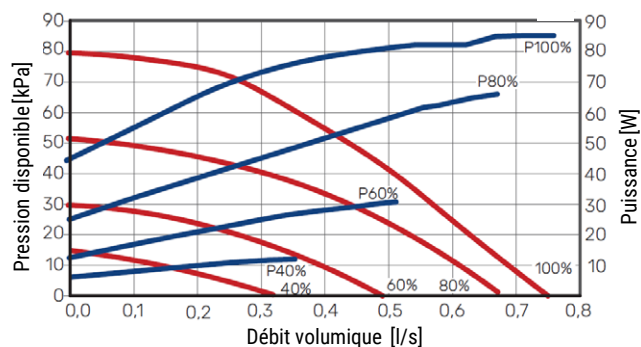

Temp_{HW} = Température de l'eau de chauffage

Temp_{WQ} = Température de la source de chaleur

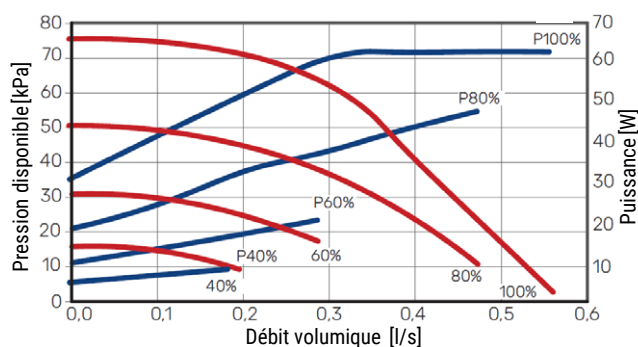

Courbes de performance - Subrox D178

Pression disponible en externe

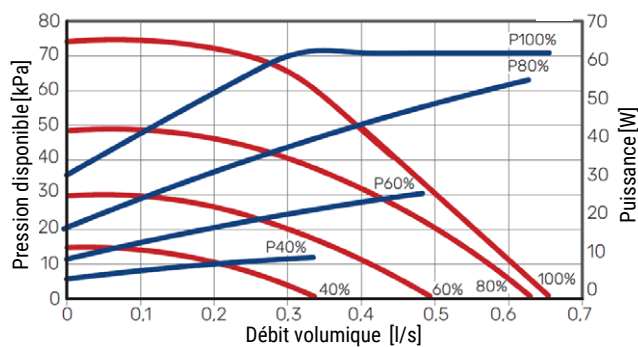

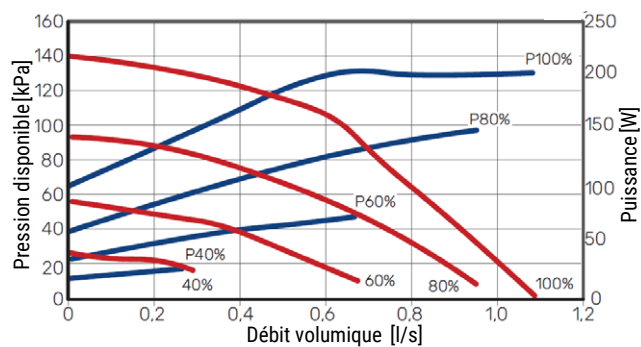

Subrox 8 D178 (C)
Source de chaleur

Côté chauffage

Subrox 13 D178 (T) (C)

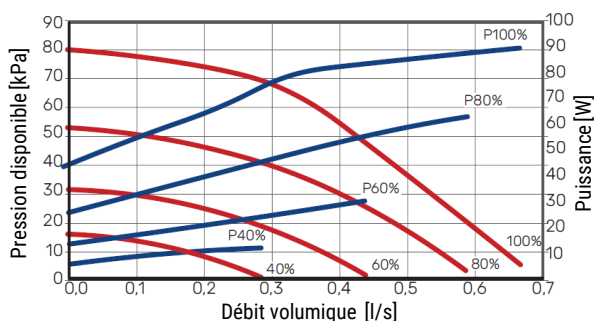

Légende

- = Pression disponible en externe
- = Puissance électrique

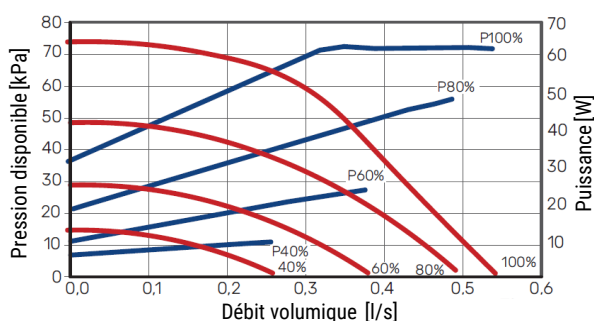

Subrox D178 C - Courbes de performance

Pression disponible en externe

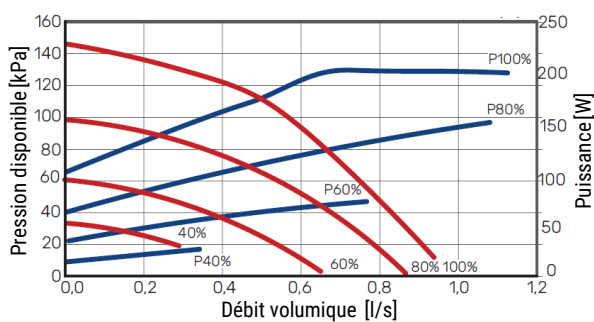

Subrox 8 D178 (C)
Source de chaleur

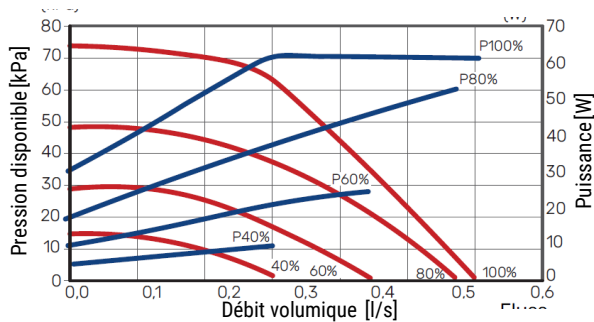

Côté chauffage

Subrox 13 D178 (T) (C)
Source de chaleur

Côté chauffage

Légende
