

Subrox, Subrox C - Courbes de performance

Plage de fonctionnement – mode chauffage

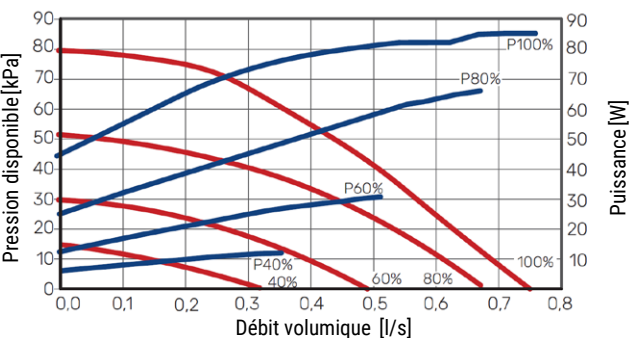

Légende

Temp_{HW} = Température de l'eau de chauffage

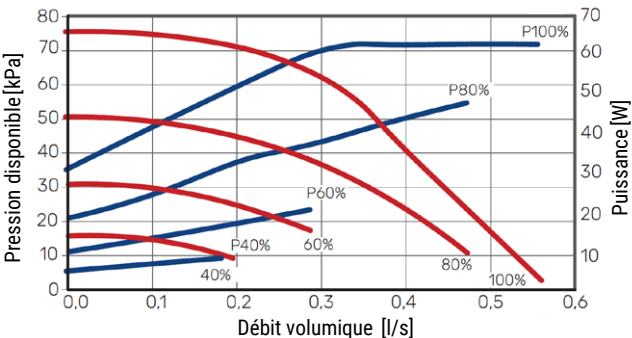

Temp_{WQ} = Température de la source de chaleur

Pression disponible en externe

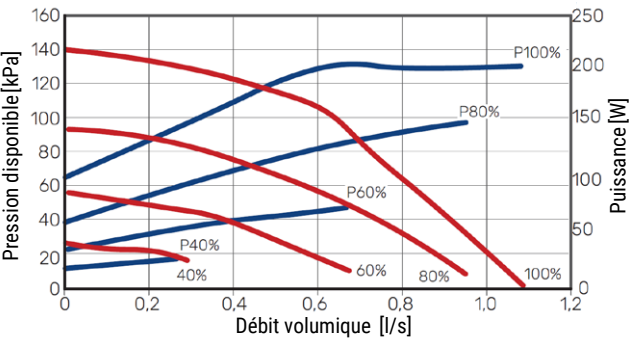

Subrox 8
Source de chaleur

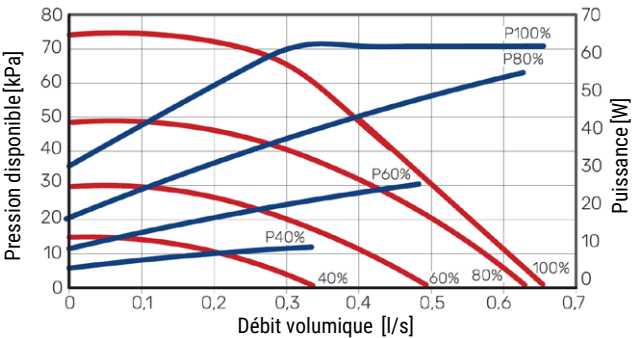

Côté chauffage

Subrox 13 T
Source de chaleur

Côté chauffage

Subrox 18
Source de chaleur

Côté chauffage

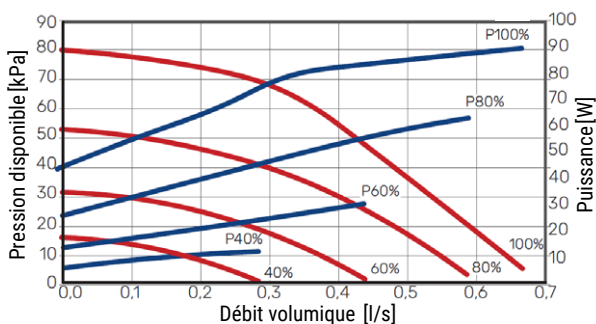

Légende
— = Pression disponible en externe
— = Puissance électrique

Subrox C - Courbes de performance

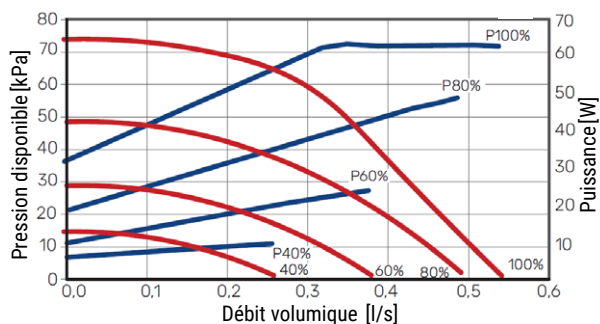

Pression disponible en externe

Subrox 8 C

Source de chaleur

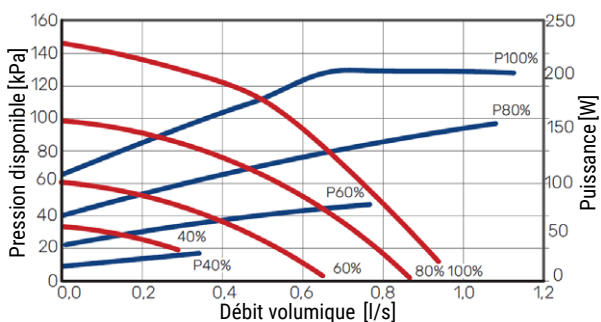

Côté chauffage

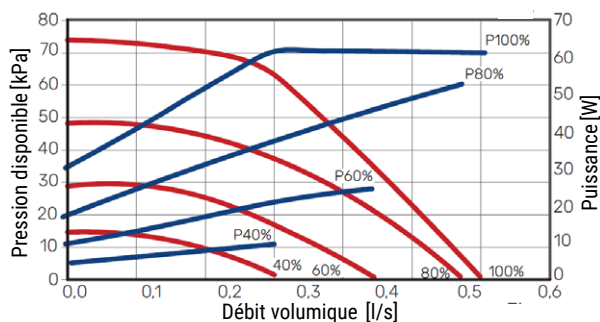

Subrox 13 C

Source de chaleur

Côté chauffage

Légende

- = Pression disponible en externe
- = Puissance électrique
